- ★ Examine how to become a trauma-informed educator, through the on-going COVID-19 pandemic.
- ★ Explore concepts in trauma-informed teaching and process how they apply to your online or physical classroom.

- ★ Learn about trauma and the impact it can have on your students in a school setting.
- ★ Learn how to identify trauma specifically related to COVID-19.
- ★ Take-away activities, apps, and tools to support students.

NEA Blended Learning courses cover many topics, can be self-paced, earn recertification credits, and are a benefit of membership.
